TWO OF STATE CONSTABLES WORKING HERE

Thought To Be Gaining Evidence In Connection With Various Matters.

MAY ARREST SOME CLUBS

Two members of the State Constabulary have been in Charleroi for the past few days and will remain yet until possibly the middle of next week. The real purpose of their visit here we have been unable to learn, but it is partly in connection with the clubs, which have been remaining open on the Sabbath day. They will work in connection with Detective Province it is understood.

The first of this week one of the members of the state police appeared and the following day two more came. The one first here was in plain clothes and the others have been part of the time. While not given as a fact it is thought by some that they are here partly to learn if there is not a gang of burglars located nearby in the hills.

Child Dying While Father Seeks Aid.

Monongahela, Nov. 20.—Peter Pelgrene, an Italian from VanVoorhis, took his 4-year-old boy to Pittsburg yesterday, where he consulted an Italian physician, the child being quite ill. He returned to Monongahela on the 6:40 train last evening, and going to the store of Angelo Vallana left the child in charge of Mrs. Vallana while he went for a carriage. He went to Scurfield's and asked for a conveyance. Mr. Scurfield told him his wagon was going out in that direction in a short time, and he could go that way. The man, however, said he had a sick child, and must have a carriage.

Mr. Scurfield accompanied the man back to the store to see the child, when the father was told that unless he got a physician the boy would be dead in ten minutes. Dr. Farquhar was at once summoned, but the little one was beyond relief, and passed away in a few minutes. The body was taken to Scurfield's and prepared for burial and then taken to the home to the parents in VanVoorhis.

Mrs. Charles Radcliffe has left for Cleveland, Ohio, to join her husband who is employed there.

PENNSYLVANIA STATION AT DONORA IS BURGLARIZED

Thought To Be The Work of a Gang Of Professionals, Who Are Operating In Various Places Along The Valley---All Desks Broken Open.

MARAUDERS WORKED VERY SYSTEMATICALLY

Burglars last night entered the Pennsylvania railroad station at Donora and secured about $40, a few valuable papers and some tickets. The desks were broken open and the burglars worked very systematically.

The burglary occurred between the hours of 6 and 8 o'clock, when the ticket clerk was absent for supper. It is supposed that the robbers made their entry shortly after he left and worked until near the time for his return. They examined everything thoroughly and evidently were not in any haste about their operations. The robbery was discovered upon the agent's return.

Entry was made through a rear window. This the burglars had succeeded in raising with the aid of tools. They had gone to the cash drawer and raffled it first, it is thought, so they would be sure of the money if any one should come before they had a chance to secure other valuables. From it there was about $40 taken while from various other parts of the office there were a few valuable papers stolen. A few tickets were taken.

The railway detectives were notified and are working on the case. It is thought that some arrests will follow an investigation which is being made today.

DISCUSSION OF WORK OF SUNDAY SCHOOLS

Two interesting sessions were held at the convention of the Ninth district of the Washington County Sabbath School association ir the First Christian church yesterday. This was the fourth annual convention of the association.

The afternoon session was held at 2 o'clock, Rev. J. C. Hamilton presiding. The meeting was opened by devotional exercises by Rev. Matthew Rutherford. The committee for the nomination of officers for the ensuing year and the committee on construction were named. The members of the committee for nomination of officers were Rev. B. W. Hutchinson, Mrs. George C. Sheppard and N. M. Abbott. They reported at the evening meeting and nominated the following. President, Edgar Murdock; secretary, Charles Moninger; superintendent of the teachers' training class of the Ninth district, James Boyle, and C. H. Lambie, in charge of the adult Bible class movement

The constitution committee composed of B. C. McGrew, chairman, Mrs. Charles Day and C. E. Moninger, recommended that the constitution of the state association be adopted. It was decided to adopt this constitution. The majority of the districts have already adopted this constitution and it is expected that every district in the state of Pennsylvania will follow this plan.

The following department reports were made: Home department by Mrs. J. B. Spriggs; teachers' training by Rev. B. W. Hutchinson, and temperance by B. C. McGrew. The elementary department was not reported on but an interesting open session on this work was held. Two interesting and instructive addresses were heard at the morning session, "The True Aim of the Bible School," being discussed by Joseph Kenyon, of Charleroi, and "The Relation of the Bible School to Organized Work" by Mrs. Mary L. Stewart, of Washington. Mr. Kenyon and Mrs. Stewart have both been connected with this work for several years.

The afternoon session was opened by Rev. E. C. Paxton, in charge of a prayer and praise service. The principal address of the evening was made by R. D. Wylie, of Wilkinsburg, his subject being "The Evangelistic Work of the Adult Bible Class." Mr. Wylie is an attorney of Pittsburg. He gave a very pointed talk on this particular branch of the Sunday school work. He is teacher of the adult Bible class of a Presbyterian church in Wilkinsburg which has an enrollment of 300 members.

Special music was provided at both sessions. Miss Gertrude McDonough gave a vocal solo at the afternoon meeting. In the evening John P. Hillis sang several numbers. He also gave a short address on "Soul Winning."

Frocheur.

The infant son of Mr. and Mrs. Omer Frocheur, of Crest avenue died this morning at the home of its parents. The funeral was held at 3 o'clock this afternoon. The interment was in the Charleroi cemetery.

Rev. Bobblitt returned yesterday from a lecturing tour in Ohio.

"OLD MINER" SAYS POLICES OF LEWIS NOT COMMENDABLE

Officers In Ohio Fear He Will Not Be Elected To Office Of National President And Resort To Extreme Method Of Electioneering.

DWELLS ON MATTER OF ORGANIZERS IN DISTRICT

Owing to the misstatements that have been published in the public and labor press and the fact that the Executive Board of District No. 6, U. M. W. of A., Ohio, has issued circulars to all Local Unions endorsing the policies of President Lewis and recommending him to the miners of this country for their support at the coming International election for the office of International President, consider it my duty as a mine worker to set forth some facts that will cause the membership serious thought.

It is evident that the officers of the U. M. W. of A. in Ohio fear that President Lewis is going to be defeated for reelection. One would naturally think that they recognize his weakness and inability when they are obliged to resort to this extreme method of electioneering and setting forth a precedent that other Districts may avail themselves of the same advantage and do likewise. Were these circulars unfavorable, which no doubt they would be in several instances, it would be considered a serious crime by those effected.

The officers of Ohio, and President Lewis as well, should offer some explanation why the first clause of the Toledo agreement was not complied with in Eastern Ohio, said clause reading as follows: "That the mining rate, day wage scale and general prices in existence in Western Pennsylvania, Ohio and Indiana in the year 1907 be reaffirmed."

Notwithstanding the above, nearly 14,000 miners of Eastern Ohio were required to accept a reduction of 2 cents per ton. This is not a reaffirmation of the 1907 prices.

The policies purued by International President T. L. Lewis in the Pittsburg District are not commendable. He has refused support to the striking miners in the Mercer and Butler field of this District. He refused to come to the District and assist in negotiating our District Scale and he has refused to come to the District and assist the District officials in adjusting the numerous abuses that have been forced upon the miners of his District during the present year, and while the striking miners and their families are in want in the Mercer and Butler field, he has placed in the organized portions of this District from fifteen to thirty International organizers under pay of the International Organization, making an expenditure of from $200 to $300 daily from the International treasury, and up until the present time they have only succeeded in organizing one Local Union, which had to be reorganized by the District officials about one month later, as they did not complete their work.

These International organizers have a roving Commission and their work is in direct conflict with that of the District offices. The District Executive Board adopted a resolution asking that they be removed to the non-union fields adjoining our District; namely, the Allegheny Valley, the Irwin and Connellsville fields to help strengthen the organization in those sections and prevent reductions from going into effect. The District Executive Board then requested an opportunity to appear before the International Executive Board on this matter, but was not given an opportunity to do so. The delegates to the recent Special Convention, which convened on October 27th passed a resolution requesting President Lewis to remove them and place them in the non-union fields. Instead of complying with the request of the District Special Convention, President Lewis has increased the force of organizers.

That these men are placed in this District for no other purpose than to create a sentiment against our District officials became very evident at the recent Special Convention. They urged the Local Unions to call the Special Convention which cost every Local Union in the District that sent a representative at least $30 and cost the District organization more than $1000. Ten or more of the International organizers were delegates to this Convention at the expense of the International organization, representing Local Unions that did not have sufficient funds to send a delegate.

The only work these International organizers are employed in at the present time is electioneering. Many of them are candidates for either District or International official positions, and they do not forget to tell the miners what a brainy gentleman their employer is.

It is time the miners of the entire country knew these facts and protested against the expenditure of the funds of our International treasury of our District when nearly one-half of the membership has been out of employment during the present year owing to the industrial depression.

Many of these International organizers are men who have become dis-

CLUBS MUST BE CLOSED ON SUNDAY

Edict Issued Today By Detective---All Must Obey Law

DOES NOT WANT TROUBLE

If the clubs of this place which have been in the habit of keeping open on Sunday do not hereafter close on that day they must suffer the consequences, is the edict today of Detective T. S. Province. There have in the past been club rooms wide open on the Sabbath, according to the detective, where there is drinks dispensed, and it is these that he is getting after.

It is doubtful if any arrests will be made tomorrow, but Mr. Province will spend the day in watching the places in question and if they do not observe the law in all its respects there will be some arrests made later.

If possible he states, it is his desire to have all the clubs closed without any trouble and it is with this intention that he warns them first before making any arrests.

"The matter of the clubs was brought to my notice by the good people of the town," said Mr. Province, "and it is to protect them that I shall take action. Some of the clubs here do a big business on the Sabbath, and dispense drinks not only to people of this place but also to residents of other towns who come here. It is an insult to the women and children to walk along some of the streets where drunken men may be seen, and as the primary cause of this is in the clubs, the Sunday law in regards to them must be enforced."

It is understood that the State officers who are here will assist Mr. Province in his work.

YOUNG NEGRO GIRL SAYS SHE WAS ATTACKED BY TWO MEN

Last night at the corner of Main and Cemetery streets in Monongahela, a colored girl by the name of Mabel Cannon, was found unconscious. Following this there comes a strange tale, in which it is stated that the girl had been the victim of an assault, and later suffered an injury on the head, according to her statement, by running into a street car.

The girl, who bears an excellent reputation, was found at about six o'clock. She was taken home and Dr. Frank Lynn called. He resuscitated Miss Cannon and discovered that her hip had been injured. At the time she was unable to tell a very good story of how she had been hurt, but later told more. She said that she had been to Black Diamond to visit friends and started to walk home. On the way she met two white men, who says she heard say, "Let's have some fun with this nigger." Accordingly they accosted her and seized her with the intention of frightening her. She ran in an effort to escape and was struck by a street car. She remembered being placed on the car and being brought to the corner of Main and Cemetery streets but is not able to tell any more. The whole occurrence has assumed an air of mystery, partly on account of the excellent reputation the girl bears.

POPULAR YOUNG MUSICIAN CREATES A FINE IMPRESSION AT RECITAL

The recital in the school hall last evening by Miss Ida Mae Heatley, the well known contralto, of the First Presbyterian church, Pittsburg, was well attended by a representative crowd of Charleroi people. The program was extremely pleasing and the performer was encored repeatedly. After the rendition of it the Athene Club, under whose auspices the recital was given, through their president Miss Ollie Hoge, invited all the people present to remain and meet Miss Heatley. Many took advantage of this opportunity. It is very probable that the young musician will secure pupils in this place and appear here weekly to give instruction.

Of Miss Heatley who it may be truly said "Veni, vidi vici." We find in her that rare combination of youth, health, beauty, musicianship, temperament and intelligence and more she possesses that indescribable charm, that leads her personality out over the footlights where every auditor becomes a friend.

Her program was a varied one and her versatality found ample scope in the selections she used—perhaps her most subtle coloring was done in "May Sweet Repose," tho she gave a true touch to Greeg's "Violets" while in the "Songs of the Hill" she gave an excellent demonstration of fine breath control. Welcome again young mistress.

The Athene Club are to be congratulated for their success in securing so able an artist.

Strong in Adversity.

Following the death of Mr. Thomas A. Henry last week there comes to light the story of a brave struggle in adversity of the wife who has suffered as few ever do yet in all her troubles bearing up with surprising strength and cheerfulness of spirit. She is the mother of fourteen children, but five of which are living at the present time. With her husband she stood at the grave nine times as the benediction was pronounced over the grave of her loved ones and last week the husband who through all has been a strength to the mother, surrendered to disease. The story in detail of the plucky fight of the sorrowing widow is a particularly sad one which lack of space only prevents the repetition. In the latest of the sufferings of this heroic woman she has shown only strength and a cheerfulness that comes only from a firm belief and trust in a masters will. She faces the world with practically nothing, bravely and with courage to cope with the difficulties which assail her. She is deserving of the sympathy of the people of Charleroi.

Miners Up in Arms.

The miners of the fifth district are up in arms against National President F. L. Lewis and affairs are much mixed up. The locals almost as a body are heartily in accord with the sentiments of President Feehan of this district, who has opposed the action of Lewis with word and deed in the sending of organizers into the district without the knowledge of the Board members and as the miners think unwarrantably. This coupled with the suspension of Vice President Clark of the district for drunkeness and other serious charges has resulted in the much mixed up state of affairs. Today the Mail prints a statement of an "Old Miner" which brings out the details of the facts of the case. It is whispered around now that Lewis will never again have the office of National President.

Pleasing Announcement

The announcement that packet navigation is to resumed soon on the Monongahela river is received with pleasure by local people, not so much because of the benefits that will accrue to the local residents, but rather for the fact that it suggests that the river has become in more navigable shape from the recent snows, and that the acids in the water has been thinned out considerably. To Charleroi people the packet trade does not mean so much as to other places farther up the river but we note it when the service is discontinued.

Success of New Rule.

The success of the new rule which has been put into effect by a State Commission on the various street railway system of the state is pleasing to note, and the commission is to be congratulated upon the interest that the announcement of the rule had raised. There will not be any trouble in the enforing of the measure it is thought and the people will readily see the benefits to be derived from its working.

Electric Sparks.

Four separate edicts issued in connection with the change in Chinese rulers lay particular stress upon the program for reforms, including the constitution. Obviously those behind the present ruler are as alive to the menace of revolution as were the lately departed Emperor and the Dowger Empress.

General sympathy will go out to Mayor Tom L. Johnson of Cleveland, who announces his near-bankruptcy, induced by his warfare for 3-cent railway fares. He is not the first Ohio officeholder whose reform efforts have cost a private fortnue, but he is none the less entitled to pubilc sympathy.

A Pittsburg paper suggests that if the United Sates cannot be induced to canalize the Yough, the State might be induced to macadamize it. Carry the news to Connnellsville.

A wealthy retired Boston merchant is planning to found a college to head off socialism. This seems to be the erection upon the way our Standard Oil university presidents and professors are performing their duties.

The retirement of Vice-President of the Steel Trust at the age of fifty-three and the deal at ninety-two of an employee of the Water Register's Bureau throw a suggestive light on the strenuous and the unstrenuous life in its ralation of longevity.

The theif who stole a large supply of postage stamps from an Indian postoffice is behind the times. Time was when that class of plunder could be readily disposed of, but now the demand is less vigorous. Even Archibold has been convinced of the unwisdom of writing too many letters.

The president-elect is still resting, but he occasionally makes a sensible and significaint remark.

The world contains nothing quite so great as a real man, unless it be a genuine woman.

Attorney General Bonaparte wants the criminal laws recast. He would have Justice travel with a rector foot. He has probably been reading some of the Pittsburg papers on the Rhinehart case.

A race war between Indians and negroes is on out in Oklahoma. As the dead up to date seem to be all negroes, it is evident that the noble red knows how to conduct a race war on lines of the white man.

reputable, or ex-officials whom the miners' organization has discarded years ago, and regardless of how clever they are as politicians, the miners of this and other Districts should serve notice on them that they will receive no interferene of who shell be their choice for International President, or any office in the U. M. W. of A., and they will also show their disapproval of the policies pursued by President Lewis in expending the funds of the International treasury for his purpose when the sum that is expended in this manner should be forwarded to the starving miners to support their wives and families, or the miners who are in distress as a result of this long period of enforced idleness.

BOY BURNED BY A POWDER EXPLOSION

Caught with his face almost directly over an explosion of powder in the Washington Coal and Coke company's mines at Star Junction yesterday, Joe Slwakoksi was badly burned on the face, hands and arms and will in all probability lose the sight of both eyes. He had set his blast and when it failed to explode as soon as he thought it should, he was in the act of making an investigation when there was a loud roar and he fell to the floor of the mine with the clothing nearly all burned from the upper part of his body. He was led to the surface and taken to the Cottage State hospital.

Files Expense Account.

Thomas Hill, commssioner-elect on the Republican ticket, has field his expense account. His expenditures were $225. Of this amount $200 was given the Republican county committee and the remainder was paid out in hotel and traveling expenses. Clark R. Tilton, auditor-elect on the Democratic ticket gives a statement setting forth that his expenses did not exceed $50.

Mr. and Mrs. D. C. Whitlatch left this morning for Pittsburg where they will spend the day and Sunday, with friends.

We're Selling More Shoes Than Ever!

WHY?

Because more people are finding out how good they are—because the men who wear Adolph's shoes are telling others where they got them, and that means customers to us.

Because we are not asking as much profit, and thereby giving better values than other shops in town.

Because of our superior buying and selling organization, and because we are determined to excel in the distribution of Reliable Footwear, and nothing can stop us.

THAT THE POWER OF MONEY

in making more money is the secret of getting rich is generally admitted.

The average so-called "savings deposit" is only $400—yet this $400 represents 6 per cent interest on nearly $7,000 for a full year. As the most of these accounts were started with a deposit of one to ten dollars and gradually increased to their present size, doesn't it seem that you can do fully as well? Make up your mind to do it—then it's merely a case of application. Your earnings are as large, or larger, than those of the average depositor referred to, only—you haven't been banking your money.

Come in and let us tell you some other reasons why you should have a bank account.

SOCIAL EVENTS OF CHARLEROI

The social committee of the Charleroi lodge, 494, B. P. O. Elks last night gave a euchre in their rooms that was well attended. Playing was begun promptly at 8:15 o'clock and was continued throughout the evening. The committe is composed of the following gentlemen, C. E. Miller, S. K. Long and H. C. Hormell.

A number of friends of Mr. and Mrs. John Jobes from Brownsville came to Charleroi last night and with several people from this place spent the evening pleasantly at their home. The usual social diversions were indulged in and a nice lunch was served.

An Appreciation.

Editor Mail:

In the capacity of manager for Miss Heatley, I want to express my appreciation, for the splendid audience, the keen interest manifested by them and the general management and atmosphere furnished by the good ladies of the Athene club, and especially pertinent, interesting and helpful were the remarks by the President, Miss Hoge, in announcing the programmed numbers.

We feel the recital was a success and that the ladies contributed largely to that end.

TWO OF STATE CONSTABLES WORKING HERE

Thought To Be Gaining Evidence In Connection With Various Matters.

MAY ARREST SOME CLUBS

Two members of the State Constabulary have been in Charleroi for the past few days and will remain yet until possibly the middle of next week. The real purpose of their visit here we have been unable to learn, but it is partly in connection with the clubs, which have been remaining open on the Sabbath day. They will work in connection with Detective Province it is understood.

The first of this week one of the members of the state police appeared and the following day two more came. The one first here was in plain clothes and the others have been part of the time. While not given as a fact it is thought by some that they are here partly to learn if there is not a gang of burglars located nearby in the hills.

Child Dying While Father Seeks Aid.

Monongahela, Nov. 20.—Peter Pelgrene, an Italian from VanVoorhis, took his 4-year-old boy to Pittsburg yesterday, where he consulted an Italian physician, the child being quite ill. He returned to Monongahela on the 6:40 train last evening, and going to the store of Angelo Vallana left the child in charge of Mrs. Vallana while he went for a carriage. He went to Scurfield's and asked for a conveyance. Mr. Scurfield told him his wagon was going out in that direction in a short time, and he could go that way. The man, however, said he had a sick child, and must have a carriage.

Mr. Scurfield accompanied the man back to the store to see the child, when the father was told that unless he got a physician the boy would be dead in ten minutes. Dr. Farquhar was at once summoned, but the little one was beyond relief, and passed away in a few minutes. The body was taken to Scurfield's and prepared for burial and then taken to the home to the parents in VanVoorhis.

Mrs. Charles Radcliffe has left for Cleveland, Ohio, to join her husband who is employed there.

PENNSYLVANIA STATION AT DONORA IS BURGLARIZED

Thought To Be The Work of a Gang Of Professionals, Who Are Operating In Various Places Along The Valley---All Desks Broken Open.

MARAUDERS WORKED VERY SYSTEMATICALLY

Burglars last night entered the Pennsylvania railroad station at Donora and secured about $40, a few valuable papers and some tickets. The desks were broken open and the burglars worked very systematically.

The burglary occurred between the hours of 6 and 8 o'clock, when the ticket clerk was absent for supper. It is supposed that the robbers made their entry shortly after he left and worked until near the time for his return. They examined everything thoroughly and evidently were not in any haste about their operations. The robbery was discovered upon the agent's return.

Entry was made through a rear window. This the burglars had succeeded in raising with the aid of tools. They had gone to the cash drawer and rifled it first, it is thought, so they would be sure of the money if any one should come before they had a chance to secure other valuables. From it there was about $40 taken while from various other parts of the office there were a few valuable papers stolen. A few tickets were taken.

The railway detectives were notified and are working on the case. It is thought that some arrests will follow an investigation which is being made today.

DISCUSSION OF WORK OF SUNDAY SCHOOLS

Two interesting sessions were held at the convention of the Ninth district of the Washington County Sabbath School association in the First Christian church yesterday. This was the fourth annual convention of the association.

The afternoon session was held at 2 o'clock, Rev. J. C. Hamilton presiding. The meeting was opened by devotional exercises by Rev. Matthew Rutherford. The committee for the nomination of officers for the ensuing year and the committee on construction were named. The members of the committee for nomination of officers were Rev. B. W. Hutchinson, Mrs. George C. Sheppard and N. M. Abbott. They reported at the evening meeting and nominated the following. President, Edgar Murdock; secretary, Charles Moninger; superintendent of the teachers' training class of the Ninth district, James Boyle, and C. H. Lambie, in charge of the adult Bible class movement.

The constitution committee composed of B. C. McGrew, chairman, Mrs. Charles Day and C. E. Moninger, recommended that the constitution of the state association be adopted. It was decided to adopt this constitution. The majority of the districts have already adopted this constitution and it is expected that every district in the state of Pennsylvania will follow this plan.

The following department reports were made: Home department by Mrs. J. B. Spriggs; teachers' training by Rev. B. W. Hutchinson, and temperance by B. C. McGrew. The elementary department was not reported on but an interesting open session on this work was held. Two interesting and instructive addresses were heard at the morning session, "The True Aim of the Bible School," being discussed by Joseph Kenyon, of Charleroi, and "The Relation of the Bible School to Organized Work" by Mrs. Mary L. Stewart, of Washington. Mr. Kenyon and Mrs. Stewart have both been connected with this work for several years.

The afternoon session was opened by Rev. E. C. Paxton, in charge of a prayer and praise service. The principal address of the evening was made by R. D. Wylie, of Wilkinsburg, his subject being "The Evangelistic Work of the Adult Bible Class." Mr. Wylie is an attorney of Pittsburg. He gave a very pointed talk on this particular branch of the Sunday school work. He is teacher of the adult Biole class of a Presbyterian church in Wilkinsburg which has an enrollment of 300 members.

Special music was provided at both sessions. Miss Gertrude McDonough gave a vocal solo at the afternoon meeting. In the evening John P. Hillis sang several numbers. He also gave a short address on "Soul Winning."

Frocheur.

The infant son of Mr. and Mrs. Omer Frocheur, of Crest avenue died this morning at the home of its parents. The funeral was held at 3 o'clock this afternoon. The interment was in the Charleroi cemetery.

Rev. Bobblitt returned yesterday from a lecturing tour in Ohio.

"OLD MINER" SAYS POLICES OF LEWIS NOT COMMENDABLE

Officers In Ohio Fear He Will Not Be Elected To Office Of National President And Resort To Extreme Method Of Electioneering.

DWELLS ON MATTER OF ORGANIZERS IN DISTRICT

Owing to the misstatements that have been published in the public one month later, as they did not

Executive Board of District No. 6, U. M. W. of A., Ohio, has issued circulars to all Local Unions endorsing the policies of President Lewis and recommending him to the miners of this country for their support at the coming International election for the office of International President. I consider it my duty as a mine worker to set forth some facts that will cause the membership serious thought.

It is evident that the officers of the U. M. W. of A. in Ohio fear that President Lewis is going to be defeated for reelection. One would naturally think that they recognize his weakness and inability when they are obliged to resort to this extreme method of electioneering and setting forth a precedent that other Districts may avail themselves of the same advantage and do likewise. Were these circulars unfavorable, which no doubt they would be in several instances, it would be considered a serious crime by those effected.

The officers of Ohio, and President Lewis as well, should offer some explanation why the first clause of the Toledo agreement was not complied with in Eastern Ohio, said clause reading as follows: "That the mining rate, day wage scale and general prices in existence in Western Pennsylvania, Ohio and Indiana in the year 1907 be reaffirmed."

Notwithstanding the above, nearly 14,000 miners of Eastern Ohio were required to accept a reduction of 2 cents per ton. This is not a reaffirmation of the 1907 prices.

The policies pursued by International President T. L. Lewis in the Pittsburg District are not commendable. He has refused support to the striking miners in the Mercer and Butler field of this District. He refused to come to the District and assist in negotiating our District Scale and he has refused to come to the District and assist the District officials in adjusting the numerous abuses that have been forced upon the miners of his District during the present year, and while the striking miners and their families are in want in the Mercer and Butler field, he has placed in the organized portions of this District from fifteen to thirty International organizers under pay of the International Organization, making an expenditure of from $200 to $300 daily from the International treasury, and up until the present time they have only succeeded in organizing one Local Union, which had to be reorganized by the District officials about one month later, as they did not

These International organizers have a roving Commission and their work is in direct conflict with that of the District offices. The District Executive Board adopted a resolution asking that they be removed to the non-union fields adjoining our District; namely, the Allegheny Valley, the Irwin and Connellsville fields to help strengthen the organization in those sections and prevent reductions from going into effect. The District Executive Board then requested an opportunity to appear before the International Executive Board on this matter, but was not given an opportunity to do so. The delegates to the recent Special Convention, which convened on October 27th passed a resolution requesting President Lewis to remove them and place them in the non-union fields. Instead of complying with the request of the District Special Convention, President Lewis has increased the force of organizers.

That these men are placed in this District for no other purpose than to create a sentiment against our District officials became very evident at the recent Special Convention. They urged the Local Unions to call the Special Convention which cost every Local Union in the District that sent a representative at least $30 and cost the District organization more than $1000. Ten or more of the International organizers were delegates to this Convention at the expense of the International organization, representing Local Unions that did not have sufficient funds to send a delegate.

The only work these International organizers are employed in at the present time is electioneering. Many of them are candidates for either District or International official positions, and they do not forget to tell the miners what a brainy gentleman their employer is.

It is time the miners of the entire country knew these facts and protested against the expenditure of the funds of our International treasury of our District when nearly one-half of the membership has been out of employment during the present year owing to the industrial depression.

Many of these International organizers are men who have become dis-

CLUBS MUST BE CLOSED ON SUNDAY

Edict Issued Today By Detective---All Must Obey Law

DOES NOT WANT TROUBLE

If the clubs of this place which have been in the habit of keeping open on Sunday do not hereafter close on that day they must suffer the consequences, is the edict today of Detective T. S. Province. There have in the past been club rooms wide open on the Sabbath, according to the detective, where there is drinks dispensed, and it is these that he is getting after.

It is doubtful if any arrests will be made tomorrow, but Mr. Province will spend the day in watching the places in question and if they do not observe the law in all its respects there will be some arrests made later.

If possible he states, it is his desire to have all the clubs closed without any trouble and it is with this intention that he warns them first before making any arrests.

"The matter of the clubs was brought to my notice by the good people of the town," said Mr. Province, "and it is to protect them that I shall take action. Some of the clubs here do a big business on the Sabbath, and dispense drinks not only to people of this place but also to residents of other towns who come here. It is an insult to the women and children to walk along some of the streets where drunken men may be seen, and as the primary cause of this is in the clubs, the Sunday law in regards to them must be enforced."

It is understood that the State officers who are here will assist Mr. Province in his work.

YOUNG NEGRO GIRL SAYS SHE WAS ATTACKED BY TWO MEN

Last night at the corner of Main and Cemetery streets in Monongahela, a colored girl by the name of Mabel Cannon, was found unconscious. Following this there comes a strange tale, in which it is stated that the girl had been the victim of an assault, and later suffered an injury on the head, according to her statement, by running into a street car.

The girl, who bears an excellent reputation, was found at about six o'clock. She was taken home and Dr. Frank Lynn called. He resuscitated Miss Cannon and discovered that her hip had been injured. At the time she was unable to tell a very good story of how she had been hurt, but later told more. She said that she had been to Black Diamond to visit friends and started to walk home. On the way she met two white men, who says she heard say, "Let's have some fun with this nigger." Accordingly they accosted her and seized her with the intention of frightening her. She ran in an effort to escape and was struck by a street car. She remembered being placed on the car and being brought to the corner of Main and Cemetery streets but is not able to tell any more. The whole occurrence has assumed an air of mystery, partly on account of the excellent reputation the girl bears.

POPULAR YOUNG MUSICIAN CREATES A FINE IMPRESSION AT RECITAL

The recital in the school hall last evening by Miss Ida Mae Heatley, the well known contralto, of the First Presbyterian church, Pittsburg, was well attended by a representative crowd of Charleroi people. The program was extremely pleasing and the performer was encored repeatedly. After the rendition of it the Athene Club, under whose auspices the recital was given, through their president Miss Ollie Hoge, invited all the people present to remain and meet Miss Heatley. Many took advantage of this opportunity. It is very probable that the young musician will secure pupils in this place and appear here weekly to give instruction.

Of Miss Heatley who it may be truly said "Veni, vidi vici." We find in her that rare combination of youth, health, beauty, musicianship, temperament and intelligence and more she possesses that indescribable charm, that leads her personality out over the footlights where every auditor becomes a friend.

Her program was a varied one and her versatality found ample scope in the selections she used—perhaps her most subtle coloring was done in "My Sweet Repose," tho she gave a true touch to Greeg's "Violets" while in the "Songs of the Hill" she gave an excellent demonstration of fine breath control. Welcome again young mistress.

The Athene Club are to be congratulated for their success in securing so able an artist.

Strong in Adversity.

Following the death of Mr. Thomas A. Henry last week there comes to light the story of a brave struggle in adversity of the wife who has suffered as few ever do yet in all her troubles bearing up with surprising strength and cheerfulness of spirit. She is the mother of fourteen children, but five of which are living at the present time. With her husband she stood at the grave nine times as the benediction was pronounced over the grave of her loved ones and last week the husband who through all has been a strength to the mother, surrendered to disease. The story in detail of the plucky fight of the sorrowing widow is a particularly sad one which lack of space only prevents the repetition. In the latest of the sufferings of this heroic woman she has shown only strength and a cheerfulness that comes only from a firm belief and trust in a masters will. She faces the world with practically nothing, bravely and with courage to cope with the difficulties which await her. She is deserving of the sympathy of the people of Charleroi.

Miners Up in Arms.

The miners of the fifth district are up in arms against National President F. L. Lewis and affairs are much mixed up. The locals almost as a body are heartily in accord with the sentiments of President Feehan of this district, who has opposed the action of Lewis with word and deed in the sending of organizers into the district without the knowledge of the Board members and as the miners think unwarrantably. This coupled with the suspension of Vice President Clark of the discrict for drunkeness and other serious charges has resulted in the much mixed up state of affairs. Today the Mail prints a statement of an "Old Miner" which brings out the details of the facts of the case. It is whispered around now that Lewis will never again have the office of National President.

Pleasing Announcement

The announcement that packet navigation is to resumed soon on the Monongahela river is received with pleasure by local people, not so much [illegible] accrue to the local residents, but rather for the fact that it suggests that the river has become in more navigable shape from the recent snows, and that the acids in the water has been thinned out considerably. To Charleroi people the packet trade does not mean so much as to other places farther up the river but we note it when the service is discontinued.

Success of New Rule.

The success of the new rule which has been put into effect by a State Commission on the various street railway system of the state is pleasing to note, and the commission is to be congratulated upon the interest that the announcement of the rule had raised. There will not be any trouble in the enforing of the measure it is thought and the people will readily see the benefits to be derived from its working.

Electric Sparks.

Four separate edicts issued in connection with the change in Chinese rulers lay particular stress upon the program for reforms, including the constitution. Obviously those behind the present ruler are as alive to the menace of revolution as were the lately departed Emperor and the Dowger Empress.

General sympathy will go out to Mayor Tom L. Johnson of Cleveland, who announces his near-bankruptcy, induced by his warfare for 3-cent railway fares. He is not the first Ohio officeholder whose reform efforts have cost a private fortnue, but he is none the less entitled to pubic sympathy.

A Pittsburg paper suggests that if the United Sates cannot be induced to canalize the Yough, the State might be induced to macadamize it. Carry the news to Connnellsville.

A wealthy retired Boston merchant is planning to found a college to head off socialism. This seems to be the erection upon the way our Standard Oil university presidents and professors are performing their duties.

The retirement of Vice-President of the Steel Trust at the age of fifty-three and the deal at ninety-two of an employee of the Water Register's Bureau throw a suggestive light on the strenuous and the unstrenuous life in its ralation of longevity,

The theif who stole a large supply of postage stamps from an Irdian postoffice is behind the times. Time was when that class of plunder could be readily disposed of, but now the demand is less vigorous. Even Archibold has been convinced of the unwisdom of writing too many letters.

The president-elect is still resting, but he occasionally makes a sensible and significaint remark.

The world contains nothing quite so great as a real man, unless it be a genuine woman.

Attorney General Bonaparte wants the criminal laws recast. He would have Justice travel with a rector foot. He has probaoly been reading some of the Pittsburg papers on the Rhinehart case.

A race war between Indians and negroes is on out in Oklahoma. As the dead up to date seem to be all negroes, it is evident that the noble red knows how to conduct a race war on lines of the white man.

reputable, or ex-officials whom the miners' organization has discarded years ago, and regardless of how clever they are as politicians, the miners of this and other Districts should serve notice on them that they will receive no interferene of who shell be their choice for International President, or any office in the U. M. W. of A., and they will also show their disapproval of the policies pursued by President Lewis in expending the funds of the International treasury for his purpose when the sum that is expended in this manner should be forwarded to the starving miners to support their wives and families, or the miners who are in distress as a result of this long period of enforced idleness.

"Old Miner."

BOY BURNED BY A POWDER EXPLOSION

Caught with his face almost directly over an explosion of powder in the Washington Coal and Coke company's mines at Star Junction yesterday, Joe Slwakoksi was badly burned on the face, hands and arms and will in all probability lose the sight of both eyes. He had set his blast and when it failed to explode as soon as he thought it should, he was in the act of making an investigation when there was a loud roar and he fell to the floor of the mine with the clothing nearly all burned from the upper part of his body. He was led to the surface and taken to the Cottage State hospital.

Files Expense Account.

Thomas Hill, commssioner-elect on the Republican ticket, has field his expense account. His expenditures were $225. Of this amount $200 was given the Republican county committee and the remainder was paid out in hotel and traveling expenses. Clark R. Hilton, auditor-elect on the Democratic ticket gives a statement setting forth that his expenses did not exceed $50.

Mr. and Mrs. D. C. Whitlatch left this morning for Pittsburg where they will spend the day and Sunday, with friends.

We're Selling More Shoes Than Ever!

WHY?

Because more people are finding out how good they are—because the men who wear Adolph's shoes are telling others where they got them, and that means customers to us.

Because we are not asking as much profit, and thereby giving better values than other shops in town.

Because of our superior buying and selling organization, and because we are determined to excel in the distribution of Reliable Footwear, and nothing can stop us.

THAT THE POWER OF MONEY

in making more money is the secret of getting rich is generally

The average so-called "savings deposit" is only $400—yet this $400 represents 6 per cent interest on nearly $7,000 for a full year. As the most of these accounts were started with a deposit of one to ten dollars and gradually increased to their present size, doesn't it seem that you can do fully as well? Make up your mind to do it—then it's merely a case of application. Your earnings are as large, or larger, than those of the average depositor referred to, only—you haven't been banking your money.

SOCIAL EVENTS OF CHARLEROI

The social committee of the Charleroi lodge, 494, B. P. O. Elks last night gave a euchre in their rooms that was well attended. Playing was begun promptly at 8:15 o'clock and was continued throughout the evening. The committe is composed of the following gentlemen, C. E. Miller, S. K. Long and H. C. Hormell.

A number of friends of Mr. and Mrs. John Jobes from Brownsville came to Charleroi last night and with several people from this place spent the evening pleasantly at their home. The usual social diversions were indulged in and a nice lunch was served.

An Appreciation.

Editor Mail:

In the capacity of manager for Miss Heatley, I want to express my appreciation, for the splendid audience, the keen interest manifested by them and the general management and atmosphere furnished by the good ladies of the Athene club, and especially pertinent, interesting and helpful were the remarks by the President, Miss Hoge, in announcing the programmed numbers.

We feel the recital was a success and that the ladies contributed largely to that end.
